HEAVY FIGHTING IN ASIA MINOR

Turks Defeat the Russians in an All-day Battle on a Mountain.

London, May 14.—Asiatic Turkey is the only war theater where infantry actions of any great importance are reported. On the line in France and Belgium and in the Austro-Italian theaters there have been minor engagements. On the Russian front bombardments alone are in progress. The Russians and the Turks are continuing their attacks and counterattacks in the region south of the Black sea littoral and also west of the Persian border, where the Russians are endeavoring to force their way through the Mesopotamia region, with Baghdad and a junction with the British forces farther south their objectives.

To the northwest of Erzerum in the Kope mountain region, Constantinople reports the repulse with heavy losses of Russian attacks to regain lost positions. Petrograd admits that in this general region around Erzerum and Aeshkatala, the Turks forced their advance guards to retire at some points, but says the Ottoman forces defeated in their attacks after having suffered extremely heavy casualties.

Further south, to the east of Mosul, the Russians are throwing a fresh force into the attack directed against the Bagdad region. Here they have occupied the Rowanduz region, which

lies some 120 miles north of Kasr-i-Shirin, where they were last reported to be operating. This would place the Russian troops at points about 220 miles north and 120 miles northeast of Bagdad.

The region of Le Mort Homme, northwest of Verdun, again is under heavy bombardment while east of the Meuse, an intermittent cannonading is in progress. No infantry attacks have been attempted. The Germans succeeded in entering British trenches in the Ploegsteert region, from which they were ejected, while British patrols captured German trenches south of La Bassée canal. The Germans are showing considerable artillery activity against numerous sectors held by the British.

DARING DASH IN TO OLD MEXICO

Columbus, N. M., May 14.—Numerous rumors were current here tonight that the American border patrol had been fired on by Mexicans somewhere in the vicinity of Hachita, N. M., 35 miles west of Columbus. Reports to Colonel H. G. Sickle, regarding the happening, however, authorities here do not place any credence in the story.

Two stories were circulated most widely that there had been trouble at Culberson's ranch, near the Arizona-New Mexico frontier, and another that a patrol had been engaged at Antelope Wells, south of Hachita.

News reached here today of the arrival at expeditionary headquarters of more truck trains carrying \$192,000 in gold to pay troops.

The news of Major George T. Langhorne's daring dash into Mexico from San Vicente Wednesday morning, was received tonight. It was officially reported here, however, that Colonel Sibley has caught up with Major Langhorne and that the march has been resumed at double-quick time. In the event this is true, the second punitive expedition is over eighty miles into the interior of Mexico after the raiders of Glenn Springs and Boquillas. Wire communication with Boquillas is scheduled to be in operation tonight when Captain Herbert L. Evans, chief of the signal corps for this expedition, is expected to communicate with Captain Welczek in command of the coast artillery company at Marathon.

West of the Meuse (Verdun front) a French hand grenade attack on hill 304 was repulsed. The artillery was very active on both sides of the river.

Eastern front: There were no events of particular importance.

Balkan front: Hostile aviators, who dropped bombs on Mirovitza and Dolan, were driven away by the fire of our anti-aircraft guns.

Rev. J. E. Carver is to visit in East.

This evening Rev. John Edward Carver will depart for the east on an extended visit. While away Mr. Carver will attend the National League of Peace convention in Washington, D. C., and the general assembly of the Presbyterian church at Atlanta city. He will also attend commencement exercises at Princeton.

BURNING ITCHING PIMPLES ON BACK

Of Shoulders and Neck. Large and Hard. Walked Floor Most of the Time. In Ten Days HEALED BY CUTICURA SOAP AND OINTMENT

"My trouble began with pimples on the back of my shoulders and neck. I paid no attention to them until they began itching and when I rubbed them they would get sore and burn. The pimples were large and hard, and would peel off. The burning and itching were so bad that I walked the floor most of the time, and almost cried. I could not let my clothing touch me and I lost sleep because the pimples were so sore."

"I sent for a free sample of Cuticura Soap and Ointment and it helped so I bought more. It was about ten days before I was healed." (Signed) Miss E. M. Spitz, 1726 39th St., Denver, Colo., July 7, 1915.

TROOPS RUNNING DOWN A RUMOR

Francisco Villa Said to Be Hiding in Mountains, With 1,100 Followers, South of Columbus.

Field Headquarters, near Nampul, Chihuahua, May 12, by wireless to Columbus, N. M., May 13.—Detachments of American troops today are investigating a rumor that Francisco Villa, the fugitive bandit leader, at the head of a command of 1,100 men, is hiding in the mountains between Ascension, Chihuahua, 70 miles south of Columbus, N. M., and Culberson's ranch, about 65 miles west of Columbus on the American side of the frontier.

Columbus, N. M., May 13.—Press reports today brought to Major W. R. Sample, base commander, and Col. H. G. Sickle, commanding the border patrol, the first intimation that troops of General John J. Pershing's expeditionary force are investigating a rumor that Villa is hiding in the Sierra Madre of northwestern Chihuahua.

A detachment of cavalry stationed at Culberson's ranch reported to knowledge of the presence of a large body of Mexicans in that vicinity. Cavalry stationed near Ascension, it is assumed here, is on a scouting tour to investigate the rumor, although official reports here said nothing of such a movement. With the receipt of the report here, it was pointed out that it had been persistently rumored since the Columbus raid two months ago, that Villa did not go south with the main body of his command.

BRITISH ENTER GERMAN TRENCH

London, May 15, 12:15 a. m.—The British official statement on the campaign in France and Belgium reads: "Last (Saturday) night after a heavy bombardment by guns of all calibers the enemy attacked our lines about the Ploegsteert wood in three parties. One party succeeded in entering our trenches, but was immediately ejected, leaving ten dead. The other parties were met on the parapet by Scottish troops and dispersed."

"Early this morning one of our patrols entered enemy trenches south of La Bassée canal. Our artillery bombarded enemy positions north of Monchy-au-Bois and east of Vermelles."

"Hostile artillery and enemy mortars were alive about Maricourt, Lobs, Souchez, Cambrai and St. Eloi. There was some activity about Souchez, the Hohenzollern redoubt, Givanchy and St. Eloi."

Rome, via London, May 14, 9:50 p. m.—The official statement issued today reads:

"In the Trentino on the upper Adige the artillery actions have been especially intense in the Col di Lana zone. We repulsed small attacks on Cukla and on the height before Lucino."

"On the Carso our artillery caused an explosion in the enemy lines near San Martino and dispersed enemy columns marching near Devetaki and Oppachinselle."

Constantinople, via London, May 14, 9:56 p. m.—The following official communication was issued today: "In the Caucasus region the enemy having been driven from his positions in the sector of Kope (northwest of Erzerum) and having renewed his offensive with the eleventh, began a series of violent attacks in order to recapture lost positions on the Kope mountains and at Bahili, north of Kope. The attacks were repulsed. Our efficacious artillery fire made terrible gaps in the retreating hostile columns. We captured about one hundred prisoners. On the other sectors of this front there have been small fights between patrols."

"A hostile cruiser tried to penetrate the harbor of Sighadjik, south of Vurla, but was compelled by our fire to retreat to the Island of Samos."
